Lower Saucon Township Manager
3700 Old Philadelphia Pike
Bethlehem, PA 18015

Attn: Mr. Jack Cahalan

Re: IESI PA Bethlehem Landfill
I.D. #100020
Lower Saucon Township, Northampton County

Dear Mr. Cahalan:

Please find enclosed a copy of the report of an inspection performed by this District Office at the IESI PA Bethlehem Landfill, located in your municipality. A copy of the inspection report is being provided to you pursuant to the provisions of Section 1101(a)(1) of Act 101, the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988.

If you have any questions, please feel free to contact me at 610-861-2136.

Sincerely,

Handwritten signature of Walter F. Govern III

BUREAU OF WASTE MANAGEMENT

INSPECTION REPORT COMMENTS

Comments:

On January 9th, 2012, the Pennsylvania Department of Environmental Protection (Department), conducted a routine partial inspection at IESI PA Bethlehem Landfill (IESI). Walter F. Govern III (this inspector) represented the Department during this inspection. Richard Croll, Health Physicist with the Department, accompanied this inspector during this inspection. Al Schleyer, IESI Compliance Manager, and Consultant, Jim Fongheiser, Health Physicist represented IESI. This inspection was conducted in response to notification of a Level 2 radiation alarm from IESI on January 7th, 2012. Not all line items in this report were evaluated due to time constraints. Most line items in this report are therefore marked as Not Determined.

On Saturday, January 7th, 2012, two trucks hauling demolition waste set off the radiation alarm as they entered IESI. Initially the alarms were reported to the Department as Level 2 alarms by IESI. The isotope identified was Radium 226. The trucks were staged in the designated radiation staging/isolation area. IESI stated that they contacted their consultants Health Physicist, Jim Fongheiser. IESI stated that they will complete the investigation on Monday. Isolate and contain the subject isotope and provide an updated report.

This inspector arrived on-site with Mr. Croll on January 9, 2012 at 1400 hrs. This inspector observed two trailers staged at the designated radiation staging/isolation area. Mr. Croll and Mr. Fongheiser scanned the outside of the trailers and confirmed a detection of Radium 226. The dose rates read approximately 1.8 mR/hr and 0.3 mR/hr respectively. This shows that the detection level for this incident is a Level 1 alarm. IESI is not permitted to accept Radium 226. IESI continued to follow its Action Plan for Radioactivity Monitoring.

INSPECTION REPORT COMMENTS

Comments:

The 1.8 mR/hr truck was dumped on a tarp in an area adjacent to the working face. A search of the demolition waste indicated that the dose rates dissipated as the material was moved around. Shovelfuls of the debris read up to 0.15 mR/hr with no identifiable source, indicating distributed activity. The activity was distributed over a few cubic yards. This material was left covered with a tarp on the landfill in an area adjacent to the working face. The area was secured as per Mr. Schleyer. The second truck was not dumped and remains at the radiation staging/isolation area.

It was advised that the loads not be rejected back to the generation site. IESI is not permitted to dump the load at the landfill as per the time of this inspection. Currently the loads are staged as previously stated.

This concludes this inspection report as IESI and the Department are working towards a resolution. No waste management violations were observed during the time of this inspection as IESI appeared to be implementing their Action Plan for Radiation Monitoring.

01/17/2012

This inspection report is notice of the findings of an inspection conducted by a representative of the Department. This report is formal notification of any violations observed during the inspection. Additional notification of violations may be issued concerning either violations noted herein, or other violations identified as a result of review of laboratory analyses or Department records.

This report does not constitute an order or other appealable action of the Department. Nothing contained herein shall be deemed to grant or imply immunity from legal action for any violation noted herein.

Signature by the persons interviewed does not necessarily imply concurrence with the findings on this report, but does acknowledge that the person was shown the report or that a copy was left with the person.
