RE: IESI PA Bethlehem Landfill Corporation
Southeastern Realignment
Amended Preliminary/Final
Land Development Plan and Site Plan
Our file: b/1162.3/LDP/42216A

Dear Ms. Huhn:

IESI PA Bethlehem Landfill Corp. ("IESI") hereby submits the following regarding the above referenced project, in response to review letters issued by Boucher & James and Hanover Engineering on April 22 and April 21, 2016, respectively:

1. Revised Preliminary/Final Land Development Plan and Site Plan (Revised May 2016) – twenty-five (25) copies;
2. Revised Preliminary/Final Land Development Plan and Site Plan (Revised May 2016) (11x17 set) – ten (10) copies;
3. Revised Section 10 of the Land Development Plan Supporting Documentation Binder, Post Construction Stormwater Plan (Revised May 2016) – four (4) copies;
4. Revised Section 13 of the Land Development Plan Supporting Documentation Binder, Waiver Requests (Revised May 2016) – four (4) copies;
5. May 3, 2016 letter from Martin & Martin, Incorporated responding to review letters for this project issued by Boucher & James Associates and Hanover Engineering Associates dated April 22 and 21, 2016 respectively.
6. NPDES Permit for Stormwater Discharges Associated with Industrial Activities Renewal Application dated April, 2015 – one (1) copy.

While a full set of the Preliminary/Final Land Development Plan and Site Plan including Supplemental Plan sets, Erosion and Sedimentation Control Plan and Post Construction Stormwater Management Plans are provided, only those plan sheets as listed below have been revised. All remaining plan sheets remain unchanged from what was previously submitted.

Land Development Plan and Site Plan

- Cover Sheet - Added General Notes #12 and #13, revised Zoning Approval Notes, Updated plan sheet “latest revision dates” in the Table of Contents.
- Sheet #9 - Added “Covenant Area/No Waste to be Placed Here” detail.
- Sheet #11 & 12 - Revised grading at southeastern corner, replaced a portion of Channel N by extending Culvert C-25.
- Sheet #18 - Revised “Installation & Maintenance” note regarding the replacement of dead and dying landscaping to be consistent with Condition No. 15 of the Zoning Hearing Board’s April 18, 2016 Special Exception Approval for the Southeastern Realignment.

Erosion and Sediment Control Plan

- Cover Sheet - Updated plan sheet “latest revision dates” in the Table of Contents.
- ES-6, ES-7 & ES-12 - Revised grading at southeastern corner, replaced a portion of Channel N by extending Culvert C-25.
- ES-13 - Revised “Summary of Culvert Pipes” to add two (2) new sections of Culvert C-25 pipe. Revised “Landfill Inlet Schedule” to add two (2) new Inlets #20 and #21.
- ES-14 - Revised “Summary Hydraulic Design of Permanent/Temporary Waterways” for new stationing and design of Channel “N”.
- ES-16 - Revised the “C-25 Profile”.
- ES-17 - Revised Channel “N” Profile.

Post Construction Stormwater Management Plan

- Cover Sheet - Updated plan sheet “latest revision dates” in the Table of Contents.
- PC-3 & PC-4 - Revised grading at southeastern corner and replaced a portion of Channel N by extending Culvert C-25.
- PC-5 - Revised “Summary of Culvert Pipes” to add two (2) new sections of Culvert C-25 pipe. Revised “Landfill Inlet Schedule” to add two (2) Inlets #20 and #21.

Page | 3

PC-6 - Revised "Summary Hydraulic Design of Permanent/Temporary Waterways" for new stationing and design of Channel "N".

PC-7 - Revised the "C-25 Profile".

The enclosed pages of Section 10 of the Land Development Plan Supporting Documents binder (Post Construction Stormwater Plan) are only those pages which have been revised within the previously submitted Section 10. Thus, the pages enclosed replaces those pages previously submitted.

The enclosed updated copies of Section 13 of the Land Development Plan Supporting Documents Binder (Waivers Requested) replace in their entirety the previously submitted Section 13 waiver requests.

Revisions to Section 10 and 13 are detailed further as follows:

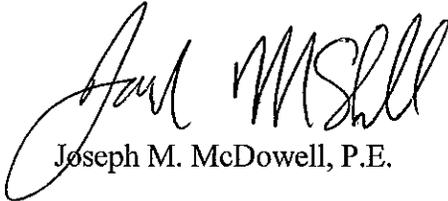

Section 10 - Post Construction Stormwater Plan Narrative Appendices J and K revised to reflect changes to Channel N and Culvert C-25. No revision has been made to the overall Stormwater Management Calculations as the revision from an open swale to a culvert will have no impact on the analysis previously provided.

Section 13 - Removed External Basin Slope Waiver Request (Section 137-18.K), added Grades Steeper than 3:1 Waiver Request (Section 137-23.M).

All remaining sections remain unchanged from what was provided in the Land Development Supporting Document binders as part of the previous submissions.

In the event any questions arise concerning this correspondence please do not hesitate to contact this office at your convenience.

Very truly yours,
MARTIN AND MARTIN, INCORPORATED
